Bangui, April 16, 2021

**Object: Note related to EUCLIDE (Pôle Universitaire Euclide)**

**To:** AAU (Association of African Universities), NAB Ghana, ECOWAS and related QA agencies

Copies: EUCLIDE

**Dear Madam:**

I have the distinguished honor to come to you, by the present official note, to confirm that EUCLIDE (Pôle Universitaire Euclide, in English Euclid University) is an institution of higher education located in the Bangui (Avenue of France, ENAM campus), duly recognized and accredited in virtue of the system in effect, and that this institution is active in the relevant processes of quality assurance in the Central African Republic. EUCLIDE is therefore covered by the UNESCO conventions on mutual recognition in the African region signed by both the Central African Republic and most African States.

For reference, the constitutive treaty of the above-mentioned institution is available on the site of the United Nations Organization including the signature of H.E. Faustin TOUADERA, then Prime Minister, currently President of the Republic, recently re-elected for a 5-year term.

While wishing you good reception and requesting prompt action, please accept the expression of my distinguished consideration.

**Dr Josias TEBERO**

Director General of Higher Education, Scientific, Technological and  
Innovation Research
